

BOSCH

Invented for life

Bosch KGN392LDC
Series 4 Freestanding fridge-freezer

TECHNICAL FEATURES

Dimensions: (HxWxD)	203 x 60 x 66 (cm)
Number of Shelves	5
Energy Class	D
Annual Energy Consumption	191 kWh/annum
Device Colour	Stainless Steel
Cooling Type	Full No Frost
Cooling Compartment Volume	279 L
Freezer Compartment Volume	89 L

Additional Features

1 egg cup, 1 ice cube tray

More Info

VitaFresh: fresh food for longer thanks to low temperatures ideal for meat and fish and optimized temperature for fruit and vegetable.

No Frost: you will never have to defrost your fridge-freezer again.

Intelligent inverter technology: thermal sensors constantly monitor the temperature inside and outside the integrated refrigerator, and the compressor proactively adjusts its performance.

FreshSense sensors constantly monitor and control the temperature conditions of the refrigerator and the environment, maintaining a constant temperature in the two cavities.

LED light: the contents of the refrigerator in the spotlight.
