

Product data	
Art. No.	3185
EAN	4038437031850
Measures (WxHxD)	280 x 280 x 390 mm
Weight	3.95 kg
Power	1700w
Voltage	220-240V; 50-60Hz
Certificates	CE, GS
Packing unit	1

Up to **50% faster** and up to  
**70% energy saving** than an oven

## DESIGN AIR FRYER

# AirFry 6.0

- + **Generous capacity, despite small footprint – 6-litre frying basket with a compact design**
- + Prepare up to 1.2 kg of chips in one process
- + **No oil needed for conscious and healthy eating**
- + Multifunctional: frying, baking, roasting, reheating, dehydrating, gratinating and much more.
- + **Up to 50% faster and up to 70% more energy-efficient than an oven**
- + Even circulation thanks to the intelligent frying insert for the best flavour: Crispy on the outside, juicy on the inside
- + Customisable settings:
  - 50 - 200 °C in 5 °C increments
  - Timer from 1 - 60 min in 1 min increments
- + With 8 practical presets (chips, pizza, chicken, steak, cake, vegetables, fish and reheat)
- + **Particularly quiet in operation (only 38 db)**
- + Viewing window with switchable interior lighting – keep an eye on cooking progress
- + Ideal from all sides: The „Shake Reminder“ reminds you to shake the food half way through cooking
- + High-quality stainless steel interior
- + Safe thanks to automatic switch-off when removing the basket and cool-touch handle
